Public Invited to Tesla Events at Two Renowned Northern Michigan Resorts

Tesla, manufacturer of innovative electric vehicles and one of the world's most advanced technology companies, continues to make strides in creating a network of Supercharger and Destination Charging Stations for Tesla electric vehicles throughout Michigan. Further, Tesla is gearing up to bring its driving experience to the public at the renowned Grand Traverse Resort and Spa and Crystal Mountain Resort in Northern Michigan.

In 2017, Tesla is traveling across North America with their first-ever mobile gallery. Pulled by a Tesla Model X SUV, which can tow up to 5,000 lbs., a custom Airstream trailer is retrofitted to be the first-ever Tesla Mobile Design Studio that showcases all interior and exterior vehicle options.

The public is invited to get the complete Tesla experience and design the Model S or Model X of their dreams as Tesla's fleet of mobile galleries roams to destinations near and far, including:

- June 29-July 9, 11 a.m. – 6 p.m., at Grand Traverse Resort and Spa;
- July 11-17, 11 a.m. – 6 p.m., at Crystal Mountain.

In 2014, Crystal Mountain in Thompsonville (28 miles southwest of Traverse City) became one of Tesla's first Destination Driving Partners in Michigan, adding two Tesla stations among its five complimentary electric vehicle charging stations. Grand Traverse Resort and Spa in Acme, northeast of Traverse City, recently joined the Tesla network with the installation of three Tesla Destination Charging Stations at the beginning of June this year.

For Tesla owners from the Chicago and Detroit areas driving to Northern Michigan, there are several Tesla Supercharger Stations strategically located along major routes.

- From Chicago: St. Joseph (near I-94), Grand Rapids (near I-96), Cadillac (near US-131)
- From Detroit: Ann Arbor (near I-94), Bay City (near US-23/I-75), Cadillac (near US-131)
- Coming soon: Grayling (near I-75)
